where we build

For years Diamond Custom Homes has been building in the finest communities in Naples. These projects have allowed us the opportunity to develop meaningful relationships with a range of wonderful families. We are truly honored and proud to continue our work in these communities as we approach the new year.

Our current projects have us working in such prestigious neighborhoods as, Quail West, Gray Oaks, Old Naples and Pine Ridge Estates. Moving forward, we're excited to both extend our estates into even more wonderful communities, as well as increase or presence in the ones we're currently in.

(ESTATE MANAGEMENT)

Naples is known across the country, and the world, for the elevated quality of life we enjoy. Luxury homeowners in our community go to great lengths and spare no expense in designing and building a world-class estate. For this reason, homeowners expect an estate management service as fine as the estate itself.

Diamond Custom Homes is proud to now offer estate management services to monitor the condition of clients' homes, oversee any necessary remodeling and renovations and direct maintenance and upkeep for as long as requested.
